Declaration for student review and signature

I, NZAYISENGA Erneste, submit the project named Musanze Harvest Intelligence Service for SWE 3513 Individual Assignment 2 at INES Ruhengeri.

By signing below, I confirm, after checking the final project, that I understand the code and results I submit, that the information and test evidence in the submission are accurate to the best of my knowledge, and that I have disclosed any assistance or tools used, including AI tools, in AI_USE.md.

I understand that the farm dataset is synthetic and that the model is a classroom decision-support prototype rather than a validated real-world agricultural service. I accept responsibility for reviewing the generated source code, report and demonstration before submission.

This declaration is prepared for my personal review. It is not signed or certified automatically.
